

# **Forgiveness Prayer**

**by**

**Catherine Ponder**

**I forgive everything, everyone, every experience, and every memory of the past or present that needs forgiveness.**

**I forgive positively everyone.**

**I also forgive myself of past mistakes.**

**The Universe is love, and I am forgiven and governed by love alone.**

**Love is now adjusting my life.**

**Realizing this, I abide in peace.**

**I bring love and healing to all of my thoughts, beliefs and relationships.**

**I learn my lessons and move on,**

**I call on my soul fragments to be cleansed by the full moon and I call on them to re-join me.**

**I send love to myself and everyone who knows me**

**in all directions of time.**

**I am healed my life is healed,**

**And so be it and so it is**
